CrediaBank: Supporting Small & Medium-Sized Enterprises in Central Greece Through the "Epiheiro Sterea" Initiative Under the NSRF 2021–2027

CrediaBank actively supports small and medium-sized enterprises in Central Greece that wish to obtain financing through the NSRF 2021-2027 "Epiheiro Sterea," offering comprehensive banking and advisory solutions to help them implement their investment plans.

The initiative aims to strengthen the competitiveness, modernization, and international orientation of existing micro, small, and medium-sized enterprises in the Region of Central Greece by supporting investments that promote innovation, digital and production upgrades, energy efficiency, the adoption of environmentally friendly practices, and the creation of new jobs.

Recognizing that every investment project has unique needs, CrediaBank offers a comprehensive support framework that covers all stages of the investment, from the submission of the investment proposal to the completion of the project. As part of this initiative, businesses can benefit from:

- the issuance of a letter of intent to finance at no cost
- financing of the equity contribution at preferential rates
- advance payment of the grant at a fixed interest rate
- coverage of consulting fees up to €500 at the time of disbursement
- consulting support from specialized Business Partners
- collaboration with specialized agencies for ISO certifications

The program emphasizes on family-owned and small-to-medium-sized enterprises, which form the backbone of the Greek economy and a key pillar of growth for local communities. Through modern financing tools and personalized guidance, CrediaBank helps businesses secure the necessary liquidity and implement their investment plans more quickly and securely.

The "Epihero Sterea" program covers investment projects ranging from €30,000 to €800,000, depending on the subsidy scheme. Grant rates reach up to 75%. Applcreative submitted by September 18, 2026, and cover a wide range of productive sectors, such as manufacturing, tourism, culture and the creative industries, the agri-food chain, digital technologies, sustainable energy, the environment and the circular economy, transportation and the supply chain, as well as health and life sciences.

CrediaBank continues to support the financing of the real economy by providing substantial support to small and medium-sized enterprises seeking to grow, modernize, and create new value for local communities.
