

Chief Architect

CrediaBank, which was created through the merger of Attica Bank and the former Pancreta Bank, is looking for a **Chief Architect** to join our dynamic team.

Job details

Job type: Full-time

Location: Athens, Greece

Apply via LinkedIn or email: recruitment@crediabank.com

About the job

We are looking for the **Chief Architect** of the Bank, responsible for the design, development and governance of the Bank's overall IT architecture. The role ensures that information systems are aligned with the Bank's strategy, regulatory requirements and technology best practices.

Reporting to the Chief Technology and Digital Banking Officer, the Chief Architect defines and implements the architecture of IT systems, ensures the proper integration of processes, data and applications while providing direction, standards and guidance for the development and integration of new systems and technologies.

The ideal candidate possesses extensive experience in Information Technology, with a strong focus on Architecture within the banking or financial services sector, combined with a strategic mindset and excellent communication and interpersonal skills.

Responsibilities

- Defines the enterprise architecture strategy (applications, data, infrastructure, security)
- Designs and oversees architecture of core banking, digital channels and back-office systems
- Leads architecture governance and related processes
- Establishes architectural standards, frameworks and best practices
- Ensures alignment of IT projects with the Bank's strategic objectives
- Evaluates and selects technologies, platforms and vendors
- Collaborates with the Chief Information Technology and Digital Banking Chief and Chief Technology Officer as well as business stakeholders on transformation initiatives
- Supports digital transformation programs (cloud adoption, APIs, microservices, AI)
- Guides solution architects and technical teams
- Manages technology risk and ensures compliance with regulatory, security, and data privacy requirements
- Organizes and guides always-on campaigns using search, display, programmatic, social and email marketing for all digital products

- Oversees media (paid, owned, earned) and evaluate ROI, CPA, CTR, conversion rates
- Aligns with Digital Transformation and omnichannel Marketing strategies
- Promotes a culture of digital growth throughout the organization.

Qualifications

- University degree in Computer Science, Computer Engineering or a related field
- Postgraduate degree in the above fields or another related discipline will be considered an asset
- Excellent command of the English language, both written and spoken
- **Professional experience in Information Technology**, including at least **7–10 years of experience in Architecture-related roles**.
- Strong knowledge of the banking or financial services sector
- Strong knowledge of the following areas (expert-level knowledge in at least one):
 - Enterprise Architecture frameworks (e.g., TOGAF)
 - Cloud platforms (AWS, Azure, GCP)
 - Core banking systems and digital banking
 - Integration patterns (APIs, ESB, microservices)
 - Cybersecurity and data governance
- Proven experience in large-scale transformation projects
- Strategic mindset with strong business acumen
- Strong leadership capabilities
- Excellent communication and interpersonal skills
- Critical thinking and decision-making ability
- Effective stakeholder management and collaboration with senior leadership
- Strong analytical mindset and structured approach
- Problem-solving skills in complex and demanding environments.

About CrediaBank

CrediaBank was created through the merger of Attica Bank and the former Pancretia Bank, and is the 5th largest bank in Greece in terms of assets. It is a modern banking institution with a network of 66 branches and 5 business centers across the country, serving approximately 300,000 individuals and businesses with a wide portfolio of deposit, investment, and insurance products, mutual funds, loans, and brokerage services. Customer service is a top priority for CrediaBank, which is why it is the only bank that welcomes customers both with and without appointments, offers cashier services available throughout the day, and operates with extended hours through the CrediaConnect service. CrediaBank operates as a credit institution supervised by the Bank of Greece, strictly applying both European and national regulatory frameworks governing the operation of banks. More information about the Bank is available on our website www.credia.com
