The existing Independent Non-Executive Members of the BoD declare that during the accounting period 2022 they duly and lawfully performed their duties in accordance with article 7 of Law 4706/2020 and more specifically, they monitored and reviewed the implementation of the Bank's business strategy for the purposes of attaining its objectives, they supervised the Executive Members, as regards, among other things, monitoring their performance, while they reviewed the suggestions filed by the Executive members and expressed their views thereupon, based on comprehensive information.

The Independent Non-Executive Members of the Board of Directors approve the information published by the Bank in the context of the Annual Management Report of the Board of Directors and the Corporate Governance Policy which are included in the Annual Financial Report dated December 31st, 2022 and they confirm the performance of their obligations in the context of article 7 of Law 4706/2020.

The BoD of the Bank, with its current composition, is formed by the appropriate combination of executive, non-executive and independent members so as to avoid predominance of a person or a small group of people to the adoption of resolutions. There is clear allocation of competencies between the BoD and the executive Management of the Bank.

The BoD Committees, i.e. 1. the Audit Committee, 2. the Members Nomination and Remuneration Committee and 3. the Risk Management Committee, are completely independent. The segregation of competencies between the executive Management and the BoD is clear, as described in the Internal Operating Regulation of the Bank.

In the context of the provisions of Law 4706/2020, the Bank has reviewed and verified the fulfillment of conditions by the members of the Board of Directors and of the Audit Committee with respect to:

- Adequate gender representation,
- Total number of independent non-executive members of the BoD,

- Independency for the independent non-executive members,
- Eligibility criteria provided for by the applicable regulatory framework and the operating regulations of the Company.

Registration Code 3492698) the BoD consists today of nine (9) members, of which: a) two members are executive members, b) the Chairman, the Vice-Chairman and one more member are non-executive, i.e. three (3) members and c) four (4) members are independent non-executive members.

During 2022 out of the total of eleven (11) Members of the Board of Directors of the Bank, the number of Independent Non-Executive Members was four (4) i.e. a percentage of 36% of the total Members, reaching in this manner the minimum number of such Members provided for by Law 4706/2020 (based on the composition of the Board of Directors for 2022) and the minimum number of such Members, as provided for in the relevant interim agreement with the Hellenic Financial Stability Fund. It is pointed out that article 5 of Law 4706/2020 *inter alia* defines, that the number of the Independent Non-Executive Members of the Board of Directors may not be less than one-third (1/3) of the total number of Members, with the minimum being two (2) Members.

The Independent Non-Executive Members of the BoD are not vested with any executive competencies in the Bank's management, in the context of the duties assigned to them, apart from the general duties entailed in their capacity as members of the BoD and they have undertaken the role of the systematic supervision and monitoring of the resolutions-adoption process by the Management. They have mainly undertaken the following duties:

- a) They monitor and examine the strategy of the Bank and the implementation thereof as well as the attainment of its objectives.
- b) They ensure the efficient supervision of the executive members, including the monitoring and audit of their performance.

The list with other professional commitments of the members of the BoD is available at the Bank's official site www.atticabank.gr.
